

Smartenance GASM

FESTO

Smartenance GASM

Key features

At a glance

The digital maintenance manager for production managers and system operators supports digital, paperless maintenance management.

Maintenance tasks and schedules can be flexibly created, duplicated and then evaluated. Intelligent user management enables fast teamwork

and improves the efficiency of maintenance management.

Smartenance is quick and easy to install, self-explanatory and therefore a simple and cost-effective introduction to digitalisation.

Innovative

- For system operators, the maintenance calendar is always available with the mobile app for Android and iOS
- Upcoming maintenance tasks are documented and ready at hand
- Digital maintenance instructions are explained using pictures in the app

Economic efficiency

- Production managers can monitor maintenance tasks centrally via a dashboard
- Clear visualisation of all devices and tasks in your web browser
- Paperless maintenance management – the evaluation of all systems and feedback are always available on a mobile device

Flexibility

- Smartenance is available as a subscription with four licence packages
- The number of machines requiring maintenance and the number of users can be easily selected via the size of the licence packages

Safety

- Detailed proof for audits

Licence package	Number of users for the web browser interface	Number of device licences (app for tablet PC/smartphone)	Available memory capacity ¹⁾ [GB]
Premium package	25	25	50
Advanced package	10	10	20
Basic package	5	5	10
Starter package	2	2	4
Trial month	5	5	10

1) Smartenance is a cloud application consisting of a web browser user interface (dashboard) and an app for tablets and smartphones (operator units). The available memory capacity can be used for all data of an account. If this is exceeded, images can no longer be uploaded.

Smartenance GASM

Technical data

General technical data	
System requirements	Operating system: Android or iOS
Recommended browser version	Internet Explorer 11.2248
	Firefox 60.0.1
	Microsoft Edge 38.14393

	or current version
Function range	Creating and managing maintenance schedules
	Filtering maintenance tasks carried out
	Exporting and importing maintenance tasks
	Displaying the maintenance schedules on mobile devices
	Feedback from mobile devices
Language	German
	English
	Spanish
	Czech
Output format	Export interfaces in CSV format

Ordering data						
	Designation	Description	Number of licences	Licence term ¹⁾ [months]	Part No.	Type
	Smartenance GASM	Software	5	1	8082618	GASM-S-L1-1M
			2		8082619	GASM-S-L2-1M
			5		8082620	GASM-S-L3-1M
			10		8082621	GASM-S-L4-1M
			25		8082622	GASM-S-L5-1M

1) The minimum term for a purchased licence package is 3 months. The contract can then be extended and the corresponding licence period is automatically extended by a month.
 You can cancel the subscription at any time; the cancellation takes effect at the end of the licence period. If you cancel during the three-month minimum term, the cancellation will take effect after the three months have expired.
 You can upgrade to a bigger licence package at any time.
